

"We are Faith..."

CANCER SUPPORT BY FAITH

Are you or a loved one currently receiving cancer treatment? Fighting cancer is tough, and the FCHS Charitable Foundation wants to support you through our financial assistance program. Cancer Support by Faith helps cancer patients in Jack County defray nonmedical costs associated with receiving cancer treatment. Through Cancer Support by Faith, individuals who qualify may receive financial assistance to pay for travel, housing, gas, food and other costs that may occur during your journey. In addition, our team can work with you to identify other resources to help ease your financial burden so you can focus on the only thing that matters – healing
